PROJECTS

Netflix Clone - UI Replication Project *Recreated Netflix UI using React, Firebase, HTML, CSS, and JavaScript.*

- Successfully replicated the Netflix UI using React, Firebase, HTML, CSS, and JavaScript.
- Applied advanced CSS techniques, including responsive design and animations.
- Developed dynamic UI components and utilized CSS frameworks.
- Demonstrated attention to detail in emulating Netflix's visual aesthetics.
- Highlighted front-end proficiency through pixel-perfect UI reproduction.

FlickSearch - Movie Discovery Platform *Comprehensive movie search platform showcasing my frontend development skills.*

- Designed an interactive movie search platform using React, Firebase, and Redux.
- Leveraged Firebase for real-time data storage and retrieval.
- Utilized Redux for efficient state management, ensuring seamless user interactions.
- Employed CSS to create an intuitive and visually appealing user interface.
- Integrated responsive design principles for optimal performance on various devices.

Treact Clone - CSS Design Showcase *Stunning CSS design emulation demonstrating my design and styling capabilities.*

- Created a pixel-perfect Treact Clone utilizing advanced CSS techniques.
- Showcased expertise in CSS design, including custom gradients and animations.
- Developed responsive design for seamless performance across screens.
- Emulated Treact's aesthetic using HTML, CSS, and JavaScript.
- Demonstrated innovative styling techniques through component-based styling.

Library - Ecommerce Frontend for Books *Engaging ecommerce frontend highlighting my React proficiency.*

- Developed an ecommerce frontend for book enthusiasts using React.
- Created dynamic user experiences through React components and state management.
- Designed a book-centric interface using HTML, CSS, and JavaScript.
- Ensured responsive design for consistent performance across devices.
- Integrated interactive book previews and streamlined shopping functionality.

Career Break Learning - Frontend Development *Transition into frontend*

development during a career break.

- Pursued intensive self-paced learning in frontend development during a career break.
- Mastered HTML, CSS, and JavaScript foundations for web development.
- Explored React framework for building interactive web applications.
- Completed hands-on projects including responsive landing pages and web apps.
- Enhanced UI/UX appreciation and honed problem-solving skills.

SKILLS

- UI Updates
- Security Measures
- Time Estimates
- Web Application Development
- JavaScript
- Website Maintenance
- Critical Thinking

PROFESSIONAL SUMMARY

Passionate Frontend Developer with a Strong Leadership Foundation

A dedicated healthcare leader turned frontend enthusiast, I'm fueled by a passion for technology and a decade of expertise in managing teams and optimizing operations. Leveraging my healthcare leadership skills, I've seamlessly transitioned into frontend development, mastering HTML, CSS, JavaScript, and React. With an innate eye for design, analytical prowess, and a collaborative mindset, I'm poised to craft seamless, visually appealing user experiences. Eager to contribute my unique blend of talents to dynamic frontend projects.
